

Regarding the possibility of LPFM stations taking over existing current FM stations I would like to comment about the K-LOVE radio station in my area. This station is a very valuable station for family listeners as it offers inspirational music selections as well as a very upbeat, encouraging and inspirational sound bites. I am a regular listener and would very strongly miss this station if it were to lose its translator service. The fact that this station is listener supported says a lot for the community support it receives. I believe that K-LOVE provides a service that is valuable to the public it serves.
